EXPERIENCE

GREAT OAKS FARM

PALMYRA, WI

Farm Hand

2010 – Present

Manage daily operations, production, and harvest of a 180 acre family-operated agricultural operation specializing in cash crops and beef cattle production.

- Operate and maintain heavy farm equipment to ensure optimal performance.
- Conduct routine and preventative maintenance and large agricultural vehicles.
- Coordinated expansion into beef cattle and doubled production year-over-year.
- Negotiate sale of crops and futures contracts, guaranteeing fair market value.
- Plan and prioritize planting, harvesting, and breeding to optimize product yields.
- Orchestrate harvest activities and ensure prompt, punctual delivery of crops and livestock to customers with attention to accuracy and product quality.

L&M AUTO

NORTH PRAIRIE, WI

Assistant Mechanic

2013

Performed routine repairs and preventative maintenance on a range of vehicles.

- Conducted inspections of automobiles to diagnose and troubleshoot problems.
- Changed oil, replaced brakes, rotated tires, and made vehicular repairs in accordance with customer requests and manufacturer standards.
- Developed significant automotive acumen and further solidified work ethic.
- Worked collaboratively with seasoned mechanics to learn industry standards.
- Interacted professionally with customers to inform them of assessments, diagnoses, and appraise them of recommended and required services.

VOLUNTEER EXPERIENCE

GOODWILL INDUSTRIES

MADISON, WI

Merchandise Volunteer

2015

Assisted with intake of donated items, verifying quality and usability for resale.

- Performed routine inventory counts and identified inconsistencies or needs.
- Conducted merchandising activities to maximize perceptible resale value.
- Communicated effectively with team members to eliminate redundancies.
- Accurately counted and recorded inventory levels and maintained records.
